

Find the Friendly Crayons!

Crayons are waving from windows all over town. Keep an eye out for these guys in windows of homes and businesses in Sheldon. When you find one, color one of the crayons in your box the color that you found. When you've found all eight different colors, bring it in to the library to pick up the button that you've earned!

The crayons will be in windows around Sheldon, both homes and businesses, from June 1 until July 17.
